FARMER NEWSBOYS MARCH TONIGHT TO WASHBURN SHOWS

Many Attractions Await Arrival of Gleeeful Youngsters This Evening.

All is in readiness for The Farmer Newsboys' Parade and trip through the Washburn Mighty Midway Show tonight and it needs but the clock to point to the hour of 6:45 for the big gathering of 300 boys to start for the North End circus grounds, led by the circus band and escorted by a squad of police. The gathering place will be The Farmer office on Fairfield avenue and every boy who sells The Farmer is to have a place in the parade. The line of march will be up Main street. The circus grounds will be reached at 7:15 and there special performances will be given by all the various shows. Here are some of the things which the boys are going to see: Captain Lodge and his team, the Sea Devil Show which comes direct from the London Hippodrome. There is a monkey orchestra with a monkey leader who wears his baton most effectively, and among the other features is a monkey who lifts heavy weights, breaks chains and sleeps in a regular bed. Other monkeys do trapeze work and various acrobatic feats. The thing is a monkey theatre and the scenic effects are particularly praiseworthy.

In another tent will be seen the Trained Animal show where lions, bears, elephants and other wild beasts do difficult tricks galore. Then there is the Hippodrome; Hanley's Athletic show; Lovers Lane; the Trip to the Moon; the Streets of Cairo, and the Pastimes and Pleasures of the Orient; the Museum of Freaks and Wonders; the Pony and Dog show; the Water show; Kelly, the Wonderman; Merma, the Lady of Mystery; the Camel; the Happy Family and many others. The circus will be here for the remainder of the week and besides providing good time for the 300 "newsboys" offers just as much entertainment to the other residents of the city who will find it to their pleasure to pay it a visit.

HOLD SETTING FOR SUPERIOR COURT IN STABBING FATALITY

Nicholas Setting, of 111 Lexington avenue, was bound over in city court today, on the charge of manslaughter in connection with the death of Tony Cretello, of 76 Lexington avenue, who was stabbed to death on June 24. Bonds were placed at \$1,500. Anthony Minicelli, of 76 Lexington avenue, was held as a material witness under bonds of \$500.

SILVER SHOP MEN WANT RECOGNITION OF THEIR UNION

Contrary to report the workers did not return at the International Silver Co. today. The men refused to return unless George C. Edwards, the president, agreed to recognition of their union, the arrangement for a shop company and grants time in which to wash up. These are the minor details in the demands for which the workers are standing. Mr. Edwards has been making the argument for and increase in wages but has refused the other demands.

HENKELS PLANT IS CLOSED WHEN WOMEN STRIKE

The factory of the Albert & E. Henkels Co., at 1069 Connecticut avenue, is closed today as the result of the walkout there at 4 o'clock yesterday afternoon according to the strikers.

Only 14 stayed in the factory while more than 100 walked out. Later the 14 were sent home because the factory was crippled.

The girls on the first floor started to walk out first but they were talked to by one of the foremen and he succeeded in having them resume work. Immediately afterward, however, the girls in the inspection room went out in a body. Four machinists left with them.

The trouble started, the girls say, because last Friday an employee was discharged for talking favorably of the eight hour schedule. Another left after he had had an argument with one of the bosses over the same question. The report in the factory that any girl wearing an eight hour tag would be discharged also stirred up the employees.

The girls want the eight hour day, the same pay as they have been receiving with a 15 per cent. increase. They want the bundle lace efficiency system done away with. No demands have been made, but arrangements are being made this afternoon for a committee to call on the officials of the plant.

MORE LABOR LEADERS ARE COMING HERE TO HELP THE MOLDERS.

John O'Leary, vice president of the International Association of Molders of North America is coming to this city to assist in organizing. John Flynn, general organizer of the International Association of Polishers and Buffers is also coming.

Nicola Perka charged with abusing Eddie Murphy, aged 7, of 532 Broad street, waived examination in the city court to-day and was held for the superior court under \$1,500 bail. He failed to provide a bond and went to jail. He was arrested by Detective Sergeant Hall.

Three 12 in. naval guns will be converted into field howitzers for the army at the Philadelphia Navy Yard.

A.T.S. CO. MEN DELAY MEETING; POLICE AT PLANT

No meeting of the strikers at the American Tube & Stamping Co. was held at Rakoczy hall as had been announced for last night. It was reported today that a number of those who went out had returned to work but Clarence D. S. Miller the concern refused to deny or confirm this today. Mr. Miller said that no demand had been made on the company and consequently no concessions could be granted. He held that 150 men had quit work as the strikers claimed yesterday.

"In all only about a dozen men have left their jobs," he said. "These men were dissatisfied but what cause of their dissatisfaction was they did not make plain. We have had no serious difficulty with our workmen and it is an injustice to our management to report that 150 men are on strike here."

The meeting advertised for Rakoczy hall for last night brought a half dozen men who had quit work to the hall. The meeting was held at 2 o'clock. One of the men who had quit, was chosen spokesman but at his boarding house, No. 12 Carpathian court, it was said last night that he had left for there last night. The janitor of Rakoczy hall said that he had no orders to open the building for a strikers' meeting.

Four policemen were on duty outside the American Tube and Stamping Co. factory but there was no disorder and the strikers kept out of sight.

The nine hour day with 10 hours pay was offered the strikers of the Canfield Rubber Co., yesterday afternoon by the company. The offer was rejected and another conference was arranged for 3 o'clock this afternoon at which it was expected the strikers would insist on the eight hour day.

"No compromise," said Mrs. Mary Scully to the committee this morning. "You want the eight hour day or nothing. It is expected an additional piece of work rates will also be asked."

Charles F. Holcomb, secretary and treasurer of the Canfield Rubber Co., has a notice posted on the factory door today to the effect that all workers who had quit would be paid in full on Saturday.

CANFIELD MEN REJECT OFFER OF NINE HOUR DAY

The nine hour day with 10 hours pay was offered the strikers of the Canfield Rubber Co., yesterday afternoon by the company. The offer was rejected and another conference was arranged for 3 o'clock this afternoon at which it was expected the strikers would insist on the eight hour day.

"No compromise," said Mrs. Mary Scully to the committee this morning. "You want the eight hour day or nothing. It is expected an additional piece of work rates will also be asked."

Charles F. Holcomb, secretary and treasurer of the Canfield Rubber Co., has a notice posted on the factory door today to the effect that all workers who had quit would be paid in full on Saturday.

GRANT MFG. CO. GOES ON EIGHT HOUR SCHEDULE

The eight hour day goes into effect tomorrow morning at the Grant Manufacturing Co. The same pay will be given as was formerly paid for 55 hours a week.

Superintendent Isaac Tuck said this afternoon that no further trouble is expected at the factory. He said the original strikers have not been received back. No arrangements have been made for overtime work because none is done.

It is said that some of the men in the factory will still insist on the shop committee. A meeting was held last night. George J. Bowen, business manager of the machinists said, however, that the Grant matter appears to be settled.

CORSET WORKERS NOT YET BACK AT LA RESISTA PLANT

Six hundred corset workers formerly employed in the La Resistia Corset factory, Norman street and Railroad avenue are now idle. Several hundred of the workers quit there yesterday and the factory was closed today by orders of Moody M. Downer, the president and treasurer of the concern. Mr. Downer said to-day that he had granted the strikers what they asked, an eight hour day and 12 per cent. increase in wages, but still the strikers failed to return to work.

"I thought it best to close the factory and give them a chance to think it over for a few days," Mr. Downer said to-day. "I don't understand why the strikers didn't return to work unless it was they want to loaf a little while."

IVES MFG. CO. TO GIVE MORE MONEY FOR SHORTER DAY

At the Ives Manufacturing Co. today in Holland avenue, Edward R. Ives, president answered the request of employees for a shorter work day and an increase in wages by announcing a 50 hour week in future with an increase of 14 per cent. in wages and the abolishment of the bonus system.

BELIEVES TROLLEY CAR RUMBLING OPENED GAS JET, CAUSING FATALITY

William Grinnell, aged 35, 431 Kilburn street, Fall River, Mass., was found dead in bed in his room, 330 Barnum avenue, this morning. The gas jet was open. Grinnell had been employed at the Bridgeport Arms Works. The authorities are investigating. Medical Examiner Garlick believes the trolley cars rumbling past the house opened the unusually loose jet.

The season's newest offerings

Constantly arriving are the new apparels. Designers, it would seem, have vied with each other in the producing of graceful and charming effects; cloth dresses, silk dresses; dresses that bewilder with their elaborate detail and dresses that charm because of their simple plainness. Every dress is an interpretation, every one is necessary to correctly portray the new season in its fullest scope and wonderful attractiveness.

One blue serge model has a bolero jacket on which there is a touch of tinsel embroidery, there is a vestee and cuffs of tan broadcloth. A taffeta sash with tassels hangs low in a loose knot.

A satin dress is in the new Arabian brown, long sleeves, full tunic skirt, small sailor collar and wide lapel effect. At the belt there is just a touch of old rose.

Another one is of blue serge, the only trimmings are a few buttons at the neck. Box plaits fall in straight lines from the yoke and instead of a sash there are three separate bands at the waist. These separate slightly to make the dress conform nicely to the figure.

Dresses that are tasteful, effective and of true beauty.

An innovation in women's sport coats is one of buckskin, hip length, Norfolk cut and four pockets. It's a real hunting coat; it will be used for riding horse back, for golf, or for the auto. Colors are white, buff or tan.

Second floor.

Needlework a-plenty

Lots of different designs in the last Artamo shipment, and lots of articles in the various designs. One doesn't have to guess how the pieces will look either, for many of them have been daintily worked and form a very attractive display.

Artamo needlework comes either in packages or in flat pieces. The packages contain charts, directions, plenty of floss and a needle for working; in fact everything necessary for satisfactory completion. Flat pieces are stamped, but leave the purchaser to choose color scheme, materials, etc. The Artamo people pride themselves on the quality of the material which they use in all their work.

Whole bedroom sets, table sets, towels, waists, negligees, all sorts of things for children, there is a long list that could be named and all are things that appeal to embroidery lovers.
